Full Description

The **HANGCHA 5 Ton Diesel Forklift** is a dependable solution for heavy-duty lifting and daily material handling across warehouses, industrial plants, logistics yards, and construction sites. Designed for consistent performance in tough environments, it supports smooth loading and unloading, pallet movement, and general site operations where stability and productivity matter.

With a robust chassis and operator-friendly layout, this forklift helps reduce downtime and improves handling efficiency during long shifts. It is well-suited for both indoor and outdoor use, offering confident maneuverability in tight working areas while maintaining the strength needed for heavier loads. Whether you are expanding your fleet or replacing older units, this model is a practical choice for businesses that require reliable, cost-effective equipment.

Available for sale through RJGC in Saudi Arabia, with support for inspections, delivery arrangements, and after-sales service as required.
